Forecast for Tuesday 01 Mar 2022

Weather: Clear spells overnight and feeling very cold in the northerly airstream. The day will be mainly dry but increasingly cloudy as an area of wet weather spreads into south Wales in the evening. Some light rain and patchy drizzle is expected during the evening.

Chance of cloud-free hill tops above 600m: 80%, very little low cloud at first but patches or scattered low cloud will develop at times in the east and thicken in the afternoon and evening becoming 50% by the end of the day.

Low cloud and visibility: Generally good visibility throughout the day, but deteriorating from the south from late afternoon.
